Craig Boyd

Headmaster Richard J. Dolven of Gould Academy this week announced the honor students of the class of 1969 at the school.

Nancy L. Brown, first honors, is the daughter of Mr. and Mrs. Edwin L. Brown of Bethel. She has been a member of the "Herald" staff and a member of the "Blue and Gold" staff for three years (editor-in-chief her senior year). She received MTA awards for the National Merit Scholarship Qualifying Test and was elected to the National Honor Society as a junior.

Melinda Held, second honors, is the daughter of Dr. and Mrs. Colbert C. Held of Lincoln, Neb. Melinda has been a member of the "Herald" staff for two years and the "Blue and Gold" staff for four years. She received MTA awards and was a National Merit Commended Student. Melinda also has worked as library co-ordinator.

Receiving third honors is Judith Bancroft of Kennebunkport, daughter of Mr. and Mrs. Arnold Jones. Judy has been active in sports at Gould and was a Carnival Queen attendant this year. She received MTA awards in math.

Receiving fourth honors is Peter Kalley, son of Mr. and Mrs. Paul Kalley of Bethel. He has participated in skiing, football, and golf at Gould. He received MTA awards, a letter of commendation for his NMSQT scores, and was selected for the National Honor Society his junior year.

Receiving fifth honors is Craig Boyd, the son of Mr. and Mrs. Andrew Boyd of Bethel. Craig has earned letters in cross-country, basketball and baseball; and received an athletic sweater last year. He has been a class officer for three years.

Norton Cross is an observation patient at the CMG Hospital in Lewiston.

Don't forget the chicken pie supper for the Boy Scouts Saturday evening, May 16, at the Congregational Church dining room.

BETHEL AND VICINITY

Eugene Buswell has been a patient at Stephens Memorial Hospital, Norway.

Mrs. Grace Westleigh is enjoying a vacation from her work at the Bethel IGA Store.

Mr. and Mrs. Leslie Carter of South Portland visited friends in town on Sunday.

Brian Buck joined his Lambda Chi Alpha fraternity brothers for an outing last week end.

Oscar Brown has come to make his home with Mr. and Mrs. Arnol Brown and family.

Miss Alice Capen was taken by ambulance to a Dixfield nursing home on Monday.

Mr. and Mrs. Frank Packard and family visited Mrs. Nora Gould in Lovell Saturday evening.

Mr. and Mrs. Donald Fraser, Richard Fraser, and Mrs. Carroll Curtis were in Togus on Tuesday.

Mr. and Mrs. Larry Smith and son are moving Sunday to the Michael Witter house in Skillingston.

Mr and Mrs. Richard Prescott spent Wednesday night and Thursday with Mr. and Mrs. Vernon Brown.

Mrs. Ruth Ames and Richard Douglass were elected directors of the Bethel Riverside Cemetery Association at the annual meeting, May 10.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There have been several truckloads of discarded material hauled by the town trucks this week during the Clean Up Campaign. There will be at least two trucks available Saturday morning to complete the drive. Volunteers to assist the drivers would be welcome. They should meet at the Town Garage, Saturday morning at 8 o'clock.

The office work for the Bethel Water District is to be moved into the Town Office for the convenience of paying water bills. The change will take place shortly.

As the Bethel Savings Bank does not feel it can heat Odeon Hall after the Catholic Church moves to their new building, future Town meetings will be held at Telstar Regional High School. The expense to the Town to pay for the heat for the few meetings held would be prohibitive.

Elwyn N. Dickey

MISS POPPY SELECTED — Mary MacKay, daughter of Mr. and Mrs Blake MacKay, a kindergarten student at the Ethel Bisbee School, has been selected as "Miss Poppy 1969" by her teacher, Mrs. Helen Morton. She will participate in the distribution of poppies on Friday and Saturday, May 23 and 24.

FINAL P. T. A. MEETING OF YEAR TO BE HELD MONDAY

The last scheduled Parent-Teacher meeting of the year will be held Monday evening, May 19, at 7:30 at Crescent Park School. This meeting will be for the purpose of electing officers and to give recognition to retiring teachers. Volunteers are needed to serve on the various committees for the 1969-70 school year.

TOWN IS COMPLETING SPRING'S STREET TREE PLANTING

The town of Bethel has just about completed this spring's street tree planting, having planted 67 trees this year.

The Bethel Shade Tree Committee recommends—"that to insure the health and vigor of these trees—they should be watered as often as possible, but not fertilized for at least one year."

If the homeowner desires to fertilize last year's trees, only a small handful of an 8-0-4 or similar analysis fertilizer, should be evenly spread about the plant pit. Do not plant grass around the tree as the tree has to compete with the grass for water and soil nutrients.

These trees are for future shade and present beauty. For a little time the investment of one of our town's natural assets—its shade trees—can be protected, according to the local Shade Tree Committee.

MOLLYOCKETT DAY COMMITTEE TO MEET

There will be a meeting of the Mollyockett Day committee at Garland Chapel Monday evening, May 19, at 7:30. All organization representatives are urged to attend.

WOODSTOCK

When we used to hear of "Missions" we thought of some far away place. Now "Missions" can be right here in North America. Not only has the large influx of refugees created missions but also the "first" Americans who are still struggling along on reservations look to missions for help.

The Seventh-day Adventist Church is helping the American Indians with educational, medical and welfare assistance in several parts of the U. S. Three missions in the Southwest are serving the Navajo Indians. Schools are located at Holbrook, Arizona; La Vida Mission near Farmington, New Mexico; and Monument Valley on the border between Arizona and Utah. The latter mission also operates a hospital.

Sioux Indians at Red Shirt Table Mission in Pine Ridge, South Dakota, are attending the mission school, besides missions for the Cherokees in North Carolina and the Skokomish in Shelton, Washington.

The Church also attempts to provide literature in the languages of people living in North America who have not yet learned English. The Woodstock S. D. A. Church will be participating with other churches in a special offering for "North American Missions", to be received at divine services on May 17.

GREENWOOD CITY

— Mrs. Celista Morgan, Corres. —

I went through the fence and on up the hill. In places the patches of snow greeted me and little rivulets trickled under foot.

Underneath a low oak the partridge berries trailed. I stopped and noted the red buds of various trees, while in the distance there was a light bloom of green on the poplars insubstantial as a mist against the wooded hillside.

There was the high sighing sound of the wind rushing up the valley.

Far beyond the contours of the thickets showed where the edge of the wind rushes and the winter snows gather, the evidence still visible.

Where I took shelter from the wind I could hear the songs of the sparrows floating up from the forest below.

On my way down I met the warm sunlight on the slopes while in other places there was a mighty world of shadows.

From the openings with my binoculars, I could pick up the little farms and the road running between.

As I approached the water there came a hyla voice—then at the other side of the pond an answer; no chorus, just two tardy peepers trilling at each other.

But this evening their chorus will begin in earnest for they arrived this week by the hundreds and in perfect harmony.

These notes of the peepers are well recognized as a joyous overture of spring.

If you wish to see as well as hear, choose a place, keep perfectly quiet and wait. After a long time little bubbles keep coming to the surface and then quickly disappear. You discover after a while that these aren't bubbles at all but the noses and eyes of tiny frogs. If your patience is still good, stay a while longer. Your reward? a wee thing, three quarters of an inch long cimbing onto a blade of grass and clinging there by the suckers on his toes. This proclaims him one of the tree-frog family— Tiny Hyla.

His performance isn't yet over for now the underside of his throat becomes enormously distended, a shrill note erupts and it is startingly loud. Involuntarily you move!

Tiny Hyla disappears as if by magic and so do the little bubbles. Then silence.

RESOLUTIONS OF RESPECT

Once again death has summoned a member of our Grange, and the golden gateway to the Eternal City has opened with a welcome to home.

Whereas the all wise and Merciful Master has called our beloved Sister Annie E. Bumpus home;

Whereas having been a true and respected member of our Grange therefore be it

Resolved: That the Charter of Round Mountain Grange No. 162, P. of H., in testimony of the loss be draped in mourning for thirty days, that we tender to the family of our departed sister our sincere condolences in their deep affliction.

Resolved: that this testimonial of respect be recorded on our books: A copy be sent to the Oxford County Citizen for publication and a copy sent to the family of our departed sister.

There's an open gate
At the end of the road
Thru which each must go alone,
And there is a light we cannot see
God does claim his own
Beyond the gate our sister went
To find happiness and rest
And there is comfort in the thought
That a loving God knows best.

Mrs. Addie Campbell spent Monday with her son and family, Mr. and Mrs. Frank Campbell and children.

Mr. and Mrs. Earle Rogers, South Paris, called on Mr. and Mrs. Ellis Davis Sunday evening.

It was a shame that Mother's Day had to be such a miserable rainy day in Maine. I can't remember when this happened before. However we hope everyone was able to visit with their mother and brighten her corner for the day.

Mr. and Mrs. Stanley Andrews called on their mother, Jessie Andrews Sunday afternoon.

Mr. and Mrs. Teddy Bowen and daughter of Framingham, Mass., visited with Mr. Bowen's mother, Mrs. Miriam Morgan, this week end.

Mr. and Mrs. Lenwood Andrews went to Bangor Sunday to see their daughter Rebecca in a horse show. Rebecca rode at Waterville in a show recently and received 4th place.

Miss Judith Clements and Charles Packer of Connecticut spent the week end with her brother and family, Mr. and Mrs. Nicholas Clements and boys.

Nicholas Clements and Taisto Koskela replaced the funnel in the Union Church Thursday evening. It was rusted through above the ceiling and was dangerous.

SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —

Truman Emery of West Paris was in Ketchum Tuesday.

Mr. and Mrs. Stan Morgan of Bryant Pond were at their camp in Ketchum Tuesday.

Romeo Baker of Plainfield, N. J., is at his place doing some spring picking up and repairs.

Barbara Yates and Jeannine Fleet were in Lewiston Thursday where Mrs. Fleet had all her upper teeth extracted.

Mr. and Mrs. Roland Fleet went to the Rumford shopping center to see what was in style for spring.

There is apparently one baby chick-a-dee out of the nest as it is tagging the father around to be fed which is done very readily. Our newcomer was a sap-sucker.

Spring flowers are out, yellow and white violets, snowdrops, jonquils, crocus and April shrub all have a few buds open and the buds on the crabapple are cracked so you can see the green. The maple tree looked real red until the rain has washed away all the blossoms.

Alfred Brown and Cecil Conrad of Bethel have been making some repairs on the R. C. Foster buildings.

The weather today is cloudy and rather cold with a thundershower about 4:30 with plenty of rain and real dark.

Mrs. Julia Fleet took a day last Wednesday and visited with Mrs. Dot Onofrio in Bethel and Roland joined us for supper.

A related passage in the lesson, from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, states; "Mortals are not like immortals, created in God's own image; but infinite Spirit being all, mortal consciousness will at last yield to the scientific fact and disappear, and the real sense of being, perfect and forever intact, will appear."

Letters to the Editor

Editor Sir,

Will you be good enough to open your column to a small tribute, to our town?

"Bethel shows its mettle when you are in need" I was told by those who warned me of the "reserve" of Mainites.

And indeed, from that moment at 6 a. m. when after a night's agony I took courage to call Dr. Young who appeared within a few minutes —and right from the door diagnosed accurately my sickness crying "the eye, the eye" and roused Mrs. Perkins who was there in seconds to help me, to ready me for the impending trip; and then both went back to the respective telephones—the Doctor to make arrangements for immediate surgery, invaluable Mrs. Perkins for transportation, accompanying me and smoothing every step of the way through the formalities of the doctors' and hospital offices; and being there again, with Mr. Perkins, soon after the operation and enquring of my needs; and all the messages of hope and prayer for my speedy recovery from friends—known and unknown to me —from my colleagues, my students; and the visit to the hospital of Reverend Parker with another visiting reverend—both providing spirited and edifying conversation and at parting each taking a hand of mine and uttering a heartfelt prayer that "He heal me from the top of my head to the tip of my foot"; from that moment on through this day I have had it confirmed what I felt on arrival—that Bethel is a good place to be in, my heart goes out to its people!

And BETH-EL is a good name—God's House, let's try, try to be worthy of it- "The Saints", one of them said, "are just people who never give up trying".

Bronislawa Y. Noyi
May 15, 1969

We in America are so accustomed to living in a government of the people, by the people and for the people that we refuse to believe that there are elements at work to take this privilege of freedom from us, even though the signs are so evident all around us.

When the day comes that we, as individuals, lose this freedom, there will be no consolation in saying "I told you so", because we will all be in the same boat together. Even those who are being used now to bring this situation to pass will be there with the rest of us.

At the last school board meeting, a very dangerous piece of business was voted upon and passed 10 to 5 with far too little discussion as to its implications. In fact, they don't even know to this date whether it is to be a guide or a policy.

Now that this Code of Ethics has been adopted, it is being well publicized but please take note of the fact that this publicity is coming after and not before adoption. This in itself is a very strong indication that this code is to be a policy and therefore to be enforced.

I strongly suggest that each of you readers who prize the welfare of your children along with your own freedom, not just read but study this Code of Ethics to see what it REALLY says. Then I strongly urge the Board of Directors to reconsider this piece of business which is far more important than they were given time to realize. If I am to be accused of applying pressure, as brought out in point #16 in this code, what do you call it when it was jumped on the Board with so little time for study, discussion or publicity before being adopted? Obviously some one was anxious to push this Code of Ethics through because I doubt it could have passed if it had been discussed more fully.

After the voice of the people, as individuals, has been eliminated, then of what further use will the Board of Directors be to the State?

This is exactly the pattern followed in what are now totalitarian governments. Why are we so naive as to think it can not happen to us here when the very same steps are being taken right here and now.

I fear that the next step will be for closed board meetings and when that happens, we will have lost all say in what our children are being taught. It is bad enough as things stand now.

Let me pause here to correct a false impression that some people seem to have. The 35 interested SAD 44 citizens present at the last Board Meeting must have included the Superintendent, Board Members and teachers in the count. I wondered at the time why so few citizens were there.

This Code of Ethics starts out piously enough by trying to give the impression that they have only the child's welfare and interest at heart and then builds up to the impression that after all, it is only the state which knows best what is good for the child.

I notice in point #15, that they want our money but in point #11 we, as individuals, are not to be made any promises as to how a member will vote once he gets on the Board. Mr. Stecher and Mr. Thurston of Bethel and Mr. Day of Woodstock were voted in because of their promises to the people and they have been courageously faithful in spite of verbal abuses and insults. I get the strong impression that those pushing this Code want to make certain that no others like these three men get on the Board ever again.

We expect our government officials to live up to their promises and want to know what they stand for before electing them. Why should this be any different?

Are the rest of you parents content to lose your voice or, like me, do you want your Board of Directors to reconsider their vote on this Code of Ethics?

Mrs. Virginia Cole

THE URGE TO MERGE

The Methodist and Congregational Churches are separate identities which in uniting will be lost. They are not two clubs which could unite and create a new identity. Both churches have traditions and mores which date back many years and which differ.

To quote an old idiom: You can't teach an old dog new tricks, applies. Have the people thought about what they will lose as compared to the miniscule gains. Although the Congregationalists have a loose setup at the conference level and above, the Methodists have a very tight setup. Are we really ready to break with the conference for a unity which is a complete gamble? Are we ready to possibly sacrifice the Methodist church to the conference and then have to start from the beginning if the united church fails? Ponder these things a minute.

To me an attempt at unity is cowardice. On the surface it looks like an easy out. Why not work to build separate churches back up?

The reason that both churches are losing their ministers is a very weak reason to throw in the towel. After all is the minister the church or is he the helper who is supposed to help the laymen to a better life? Laymen make up the church. Its their church and its high time they realized that and progressed accordingly. Admittedly the minister makes a good scapegoat but from my past experience in town, I feel that it is the Laymen's fault for much of the decease in the church

Think of it a little. Why not break down the internal problems of each church instead of trying to combine the problems?

Greenwood Little League Reaches Goal

The Citizens of Greenwood came through with flying colors!!! Excitement abounds, and there are fifteen boys on the Little League Team who can hardly wait until their new uniforms arrive and the season begins. Manager Herb Dunham reported the uniforms have been ordered and will be green and gray.

Words are hardly adequate to express the way that the merchants, businessmen and citizens in this Town contributed to the cause. Herb received checks from individuals; I received one from a couple who reside in Connecticut but spend their summer here in Greenwood. It was truly heart-warming to see the turnout for the Community Club dinner on Wednesday, April 30, for the benefit of the boys. No-one could possibly compile the individual names of the wonderful people who came and supported the Little Leaguers that day; therefore their names cannot be listed on the donors' posters which will be in the Locke Mills stores this week. However, this does not mean that Herb, Harry Swan, Jr., and "Chuck" Melville do not fully appreciate them.

The goal has been reached....the fifteen uniforms have been ordered. The Town of Greenwood should be very proud....of their Little League this summer and proud of themselves for being the good people they are and for showing that they care about the "little people". All of us thank you sincerely.

Sandra Dunham

SIDELINES

Doing that Mexico Thing

It all started on "RUM" the Rumford area sound, or "790" the Lobster Network, when one of their d.j.'s told it like it wasn't. Meaning a lot of pubicity of how the Pintos (Mexico's brand name) were going to roll over Telstar. Enough of this set the team on fire; and spirit during the week grew for Saturday's game. Saturday afternoon — Telstar's bus rolled through the gravel pit and down the hill leading to Mexico's secluded field.

Johnson warms up; Hard playing; Good hits; Good fielding; Strike outs; Walks came in the last inning.

Buckingham, Mexico's finest, who was taken from the mound in the fifth came to the plate. Bases loaded—two out. Last inning he was up he captured two RBI's. The wind up—pitch, ball one. The next pitch Buckingham connected. Seth Timberlake made the catch and the final OUT of the game leaving Telstar the winners, 7-5.

Now it's Wednesday, day after the gloomy upset of Telstar, 10-1 Mexico.

Melanson, a lefty, very easy thrower captured his win.

Steve Hastings had his bad moments in the first, walking the first four batters.

Dwight York came in in the first until the sixth when relieved by Ross Timberlake.

Post Script (by the typist)—Just intercepted a telephone call from a modest pitcher of the Telstar Girls' First Softball Win: It happened this afternoon (Wednesday) at Livermore Falls when the girls took their first victory after two losses. Jodi Packard was on the mound until the fifth inning, being relieved first by Linda Gilbert and Eileen Cole. Homers were lodged by Paula Wight and Jane Lowe, while Debbie Bickford toured the bases also, with the help of fielding errors. Good going, Girls.

GUIDANCE DEPARTMENT

In view of the fact that high school students are registering this week and next for their program for September, the guidance department desires to review for parents and students requirements of the courses of study.

College Programs

The four-year college program admits candidates only after careful study of the following criteria.

1. Above average achievement.
2. Subject studied. Most colleges require 15 or 16 selections of college preparatory work, including certain required subjects.
3. Skill in thorough and concentrated study habits.
4. Recommendation of the school as to good personal qualities, high character, attractive personality, ability to get along with teachers and fellow students, and a reputation as a good citizen.
5. Rating of the student by either the College Entrance Examination Board or by examinations administered by the particular school concerned. The State Colleges of Massachusetts now require not only the Scholastic Achievement Test, but also the Achievement Tests, including English composition, which are used for placement.
6. Participation in and contribution to the school's extracurricular activities.
7. Recommendation of the principal. A student should learn the entrance requirement of his college as early as possible and plan his high school program accordingly. If a student is undecided about his choice, he should plan a program to meet the most demanding requirements. Contact the guidance office or write directly to the colleges that you are interested in for an application form, latest catalogues, and all other information pertinent to admission and application procedure.

Although there is flexibility in admission policies, it is advisable for students considering a four-year college to take at least the following: 4 selections of English (required); 3 selections of a modern language—4 selections desired; 2 selections of a science, one should, or must be a laboratory science—3 selections desired; 3 selections of mathematics; 1½ selections of United States History; ½ selection of Constitution and the Law; 4 selections of physical education.

Vocational Schools

The two-year vocational schools which offer technical and semi-professional training, grant an Associate Degree in the two-year terminal program.

The terminal program is designed for those who desire no more than two years of general education. The transfer program gives the student the opportunity to transfer to the junior year of a four-year, degree-granting college; provided your grades are high enough to satisfy the academic requirements for acceptance and you have a recommendation from the junior college that you attended.

The following selections are required for the two-year vocational program: (choice of one or more Math selections); 4 selections of English (required); 1 selection of shop math; 1 selection of algebra; 1 selection of Vocational Algebra (elective for grade 12 only); 1½ selections of United States History; ½ selection of Constitution and the Law; 2 selections of science desired; 4 selections of physical education.

You should confer with your counselor in reference to a particular vocational school.

Nursing Training Institutions

Students interested in a nursing program should include the following selections in their course of study: 4 selections of English (required); 2 selections of algebra and geometry; 1½ selections of United States History; ½ selection of Constitution and the Law; 2 selections of a modern foreign language; 2 selections of science (biology and chemistry as prerequisites); 4 selections of physical education.

Students interested in nursing should check with the guidance department for specific requirements of individual nursing schools.

Business Schools

Students interested in entering business schools after graduation should include the following selections in their course of study: 4 selections of English (required); 1½ selections of United States History; ½ selection of Constitution and the Law; 1 selection (2 selections desired) of mathematics; 4 selections of physical education.

Electives from the Business Course

Typing, Bookkeeping, Shorthand.

A student who desires to attend a four-year degree-granting school in business should pursue the college course with electives in business education. Consult your counselor on the particular requirements of the business school that you wish to attend.

A selection involves a course pursued for one year. Six is the number of selections which should be taken in one year. Twenty-four selections are necessary for graduation.

ACTIVITIES

The 1960-1970 Program of Studies booklets were issued at Telstar Regional High School last week to all members of grades eight through eleven. Principal Richard Vaughan outlined the various course changes at a special assembly and instructed students to make tentative course selections which are to be checked on an individual basis with the guidance counselors in the next two weeks.

A thorough perusal of the Program of Studies booklet will reveal several changes from the present curriculum. One of these is the addition of second year courses in German and Spanish. Also industrial art courses are to become coeducational next fall. The new English curriculum is divided into three parts; individual thematic, and traditional. These courses being ungraded, it is the ability and desire of the student which determine what he may take. Mention should be made also of the section on guidance which plays such an important role in the full development of the student and his potentialities.

The Program of Studies booklets, which were financed through Title III funds, were printed and assembled by the industrial arts department, under the direction of instructor David Tripp.

Beginning on Thursday of this week achievement tests will be administered to grades seven and eight. These will be continued through Tuesday of next week.

On Tuesday, May 13, a group of students from Gorham State College were visitors at Telstar. The students were under the direction of Dr. Merrill Cobb.

Richard Vaughan, principal, spoke at the Kiwanis Club in South Paris, this Thursday noon.

On Saturday, May 10, Madame Jeanne Thomine - Desmazures, instructor of French, was a guest at a reception, given in Westbrook by the Consul General of France in Boston and Madame Jacques Massenet, and the Honorary Consul of France in Portland and Mrs. Paul O. Proudian. Madame Thomine was accompanied by Madame Jacqueline Margaritopol of the Gould Academy faculty. On May 17, Madame Thomine will attend a meeting of the A. A. T. F. (American Association of Teachers of French) at Bates College in Lewiston.

A film on Stonehenge was shown to Lawrence Arsenault's earth science students on Thursday morning, May 15. Students on unstructured time and interested faculty were invited to attend.

On Saturday, May 10, three Telstar math students Frank Gibson, Donna Rosenberg and John Triward, accompanied by Franklin Keegan, math instructor, went to the University of Maine in Orono to participate in a math fair. Out of the two hundred participants in all areas, Frank Gibson received Honors in Class A.

A reminder is inserted here concerning the film "The Riddle," to be shown this evening, May 15, at 7:30 in the Telstar Auditorium. This film which is sponsored by the Telstar Awareness Group, deals with case histories of drug addicts. On May 23, "The Losers," a film which presents the harmful effects of glue-sniffing, and the use of marijuana stimulants, depressants and heroin, will be shown in the Auditorium at 7:30, following the Latin Club supper.

Grades were issued in the following courses during the week:

A TELSTAR ORIGINAL — (Left to right): John Carver, Industrial Arts instructor at Telstar Regional High School; Dale Buck, Jim Johnson, Bob Day, Mike Auger, Wayne Bean, Ronnie Bane, Paul Salway, Stuart Thurlow, Bob Sylvester, Ronnie Smith, Billy Young, and Raymond Buker.

The automobile pictured above might be called a Carvair since it was originally a Corvair and its present owner and remodeler is John Carver, industrial arts instructor. Mr. Carver removed all but the engine, transmission, and front and rear ends from the 1963 model. The new body is made of fiberglas with a double frame of trussed tubing.

Since the car belongs to Mr. Carver, he has paid for all materials. Their cost, up to the date of the picture has totaled approximately $250.

In planning the remodeling Mr. Carver called in as consultants, William Koen, instructor of art, on design and shape, and Floyd Kenniston and David Tripp, industrial arts instructors on mechanical and engineering matters. Since this was a project for unstructured time (not a class project), any student could work on it. Some of the boys who have worked on the car are shown in the picture.

Mr. Carver hopes to have the car, which is already in running order, completed by the end of school, and he reports that there are basically two things left to work for: 1) to build up the thickness of the fiberglas and 2) to prepare the car to pass inspection by installing horn, lights, windows, and an exhaust system.
